Full stack web developer with limitless curiosity for customers, people and products. In addition to experience in Ruby on Rails, JavaScript, and React.js, I bring 14+ years in relationship-building and customer-focused experience, business acumen, hustle and curiosity to help my team meet and exceed their goals.

TECHNICAL PROJECTS

Horrorscopes - [App](#) | [Github - Backend](#) | [Github - Frontend](#) | [Demo](#)

A quick reference app that can explain why you feel "off" according to your astrological sign

- + Created an app using Ruby on Rails as a backend to call a horoscope API, calculate moon phases and retrograde phases
- + Presented frontend with JS React in a manner that users can synthesize the information specific to their astrological sign
- + Using CSS & React.js, created a single page app to explain away a user's perceived problems relating to astrological events
- + Capricorn is currently rigged to show no planets in retrograde and no full moon

Algorhythm Nation- [App](#) | [Github - Backend](#) | [Github - Frontend](#) | [Demo](#)

An app that helps you create customized workout and similar playlists from your current Spotify songs based on specific factors

- + Integrated Spotify Oauth and Ruby on Rails as backend to access Spotify users' current playlists
- + Enlisted React.js & CSS as a frontend to display playlists and allow for users to create customized playlists
- + Set up communication between JS React and Ruby on Rails to create and save playlists to users' Spotify accounts

Cute&Cute - [App](#) | [Github - Backend](#) | [Github - Frontend](#) | [Demo](#)

A game for adolescent-aged children where you can customize a room by clicking on stickers to add them to the room

- + Used Ruby on Rails as a backend to create rooms and stickers
- + Applied Vanilla JavaScript & CSS as a frontend to access JSON server created in backend
- + Created an interactive experience for adolescent aged children with JS to play with cute assets we created in house

TECHNICAL SKILLS

Ruby, Ruby on Rails, SQL, JavaScript, React.js, HTML, CSS

EMPLOYMENT HISTORY

HomeSmart Seattle, Seattle, Washington
